Supreme Champion Performance Horse

(Sponsored by Rebecca Schultz)

Champion – H Jupiter H+++/ owned by Maureen Quillin
Res. Champ. – Starstruck Athena++++// owned by Diane Sherman

AHANY High Score Awards Program

The AHANY High Score Awards Program is intended to be a fun way to recognize the accomplishments of members both in the show ring and in recreational riding activities. Points accumulated throughout the year in several divisions and categories determine the awards to be given at the annual High Score Banquet.

Thank you to all who participated in the 2018 program and to the sponsors whose contributions helped to make it all possible. At the annual awards banquet, the silent auction also helps to cover the cost of ribbons and prizes and we look forward to offering some great items this year. We strive to keep the program self-supporting, but with the declining participation in recent years, this has been a challenging task.

We are pleased to announce that participation in 2018 included several junior entries in the Open Show Division and two entries in the new Lead Line category. We believe that encouraging the youth members is a key factor in promoting the breed. We hope to see those nominations increase as we move forward.

Over the last few years, the Sport Horse Division has continued to grow. However, the Main Ring Division had only a few entries this year. We are hoping for increased participation in the Main Ring categories and welcome your suggestions as to how we can promote that division.

Participants have indicated that prizes are more important to them than ribbons (they already have a lot of ribbons!), so we have attempted to reduce the cost of ribbons and to increase the number of prizes. We have achieved cost savings by reducing the size of some of the ribbons, allowing us to offer additional prizes in the overall categories while still awarding ribbons in all categories.

The Recreational Riding Categories are also a great way to encourage beginners to become involved. Riders do not have to show their horses. Hours spent Trail Riding or simply taking lessons or schooling an Arabian horse at home or at a schooling barn, count toward the awards.

Non-Voting Membership Category

A major goal is to open the program to more members who compete in open shows, trail ride, or who spend most of their riding time taking lessons or riding in an arena. To encourage more participation in those categories, AHANY offers a non-voting membership category for those who own or ride Arabian horses but are not members of the Arabian Horse Association (AHA), our national organization.

For the annual membership fee of \$15.00, these non-voting members will be able to participate in all club activities including meetings, social events, trail rides and in the Open Show, Trail, Recreational Riding and Lead Line categories of the High Score Program. The membership fee is waived for junior members.

This is a wonderful way to involve your students who are taking lessons on an Arabian but who do not yet own a horse of their own. 4-H members who ride Arabians can compete in the Open Show Junior Division. Your Lead Line youngsters can be recognized with a High Score Award. We hope to meet and to encourage new people and young folks who share our love of the Arabian Horse

We plan to sponsor trail rides this year and two open shows, both of which would be open to existing and new members as a high score activity. Please let your friends know about this opportunity.
